Outlook for 2015 remains unchanged

- Outlook for retail market in Russia remains very uncertain: all-time-low rouble, weak economy and purchasing power, which will also decrease the number of Russian shoppers in Finland and in the Baltic countries.
- No growth is expected in the retail market in Finland in 2015, demand for non-food goods remains uncertain.
- Affordable fashion market in Sweden and retail market in the Baltic countries expected to remain relatively stable.
- Efficiency programme launched with annual savings target of EUR 50 million; effects visible mostly beginning in 2016.
- Capital expenditure expected to amount to approximately EUR 70 million.
- Depreciation is expected to total over EUR 80 million.

- Stockmann Group’s revenue is expected to be down on 2014 due to planned structural changes. The operating result excluding non-recurring items is expected to improve from 2014 but to remain negative due to the performance of the Stockmann Retail division. The operating results for the Real Estate and Fashion Chains divisions are expected to be positive.
