Voting instructions:

If no voting instructions have been indicated below, or if there are more than one voting instructions on the same item, or if other text or markings other than a cross (X) have been used to indicate a voting instruction, the item will be marked as “No action” when Euroclear registers the votes. This means that the shareholder's shares are not taken into consideration in the item in question. The shareholder's shares are not considered as shares represented at the meeting and the votes are not counted as cast votes with regard to the agenda item in question.

I/we understand that if I/we give advance votes as a representative of an entity (incl. estate), the legal representative of the entity or a person authorized by the entity must provide necessary documents to prove the right to represent the entity (e.g. trade register extract or board resolution). Documents are requested to be attached to this advance voting form. If the documents are not submitted during the advance voting period or they are otherwise incomplete, the shares of the entity will not be included as shares represented at the Annual General Meeting.

It is recommended that a Finnish book-entry account holder votes in advance electronically in the address www.stockmanngroup.com. In a situation where the Finnish book-entry account holder has voted in advance both electronically and via this advance voting form, Euroclear will register the most recent voting instruction in the book-entry account.

Matters to be resolved at the Stockmann plc Annual General Meeting 2020

Agenda items 7 to 16 cover proposals of the Board of Directors and the Shareholders' Nomination Board of Stockmann plc to the Annual General Meeting in accordance with the notice of the Meeting. "Abstain from voting" means giving an empty vote with shares still considered to be represented in the meeting, which has significance in resolutions requiring qualified majority. In qualified majority items all shares represented at the Meeting are taken into account and abstentions thus have the same effect as votes Against/No. Therefore, abstaining from voting affects the voting result. Shareholders should be aware of this, especially if giving a vote against is not their intention.
